Education

Presidency College

Master of Computer Applications (MCA) · CGPA 7.29 · Bengaluru, India

2021 – 2023

St. Claret College

Bachelor of Computer Applications (BCA) · CGPA 7.21 · Bengaluru, India

2018 – 2021

St. Claret PU College

Higher Secondary (12th) · Bengaluru, India

2016 – 2018

Work Experience

Support Operations Specialist

Amazon FBA

Jun. 2024 – Jan. 2026

Bengaluru, India

- Triaged 50+ weekly cases by severity and policy eligibility, ensuring compliance tracking and control evidence.
- Investigated seller claims, identifying policy violations and anomalous patterns, with findings escalated to senior reviewers.
- Maintained audit-ready case documentation with findings, decisions, evidence notes, and corrective actions aligned to evidence documentation and decision trails.
- Spotted recurring fraud patterns across 200+ weekly cases and flagged repeat issues early, reducing investigation cycles before escalation.

Projects

SOC Automation and Threat Detection Lab |

Python, Splunk, Wireshark, Nmap, MITRE ATT&CK

- Deployed Splunk SIEM for compliance monitoring (regulatory compliance) and control mapping, resulting in a comprehensive audit-ready documentation.
- Built automated SOAR (security orchestration and automation)-style detection pipeline for threat detection (anomaly detection), utilizing MITRE ATT&CK mapping and Sigma rules for control validation.
- Mapped TTPs to MITRE ATT&CK (TTP mapping) for control mapping and wrote PICERL incident report, ensuring evidence completeness.

Vulnerability Scanner and Patch Prioritization Engine |

Python, Bash, Nessus, OpenVAS, NVD API

- Developed OWASP Top 10 (web application security) automated compliance checker for regulatory compliance, generating audit-ready evidence and compliance tracking.
- Automated compliance scan scheduling via Bash and cron, resulting in a delta-scan logic for remediation tracking and audit evidence organization.
- Built automated vulnerability assessment pipeline integrating Nessus and OpenVAS APIs, producing CVSS severity (vulnerability prioritisation) classified reports with EPSS context.

Technical Skills

Compliance: NIST CSF, ISO 27001, PCI-DSS, GDPR/PDPB, SOX/ITGC, compliance monitoring

Security: Risk assessment, control testing, audit documentation, vendor risk, RCSA basics

Audit and Risk: Transaction monitoring, AML typologies, KYC/CDD, sanctions screening

Threat Detection: Windows internals, Linux fundamentals, Python, Excel, SQL (basic), TCP/IP basics

Regulatory Compliance: MITRE ATT&CK, OWASP Top 10, Incident Response (PICERL), audit trail documentation, zero trust

Certifications

- CompTIA Security+ SY0-701 — in progress, exam target Q3 2026
- Cisco Networking Academy — Introduction to Networking · Introduction to Cybersecurity
