Education

Presidency College

Master of Computer Applications (MCA) · CGPA 7.29 · Bengaluru, India

2021 – 2023

St. Claret College

Bachelor of Computer Applications (BCA) · CGPA 7.21 · Bengaluru, India

2018 – 2021

St. Claret PU College

Higher Secondary (12th) · Bengaluru, India

2016 – 2018

Work Experience

Support Operations Specialist

Amazon FBA

Jun. 2024 – Jan. 2026

Bengaluru, India

- Triaged 50+ weekly inventory reimbursement cases by severity and policy eligibility, following structured case triage and escalation workflows, resulting in timely and accurate decision-making.
- Investigated root cause analysis on seller claims, identifying policy violations and anomalous patterns, and escalated findings to senior reviewers, driving informed decision-making.
- Analyzed 200+ weekly cases to spot recurring fraud patterns, flagging them early to reduce repeat-issue investigation time before escalation, resulting in efficient issue resolution.
- Documented audit-ready case records, capturing investigation findings, decisions, evidence notes, and corrective actions, ensuring transparent and compliant case management.

Projects

Cyber Security Internship in Koothattukulam: Find 40 Best Cyber Security Intern Jobs in

Koothattukulam - Internshala |

Python, Splunk, Wireshark, Nmap, MITRE ATT&CK

- Developed structured escalation workflow for security incidents using Splunk SIEM with SPL correlation (detection engineering) searches for brute-force detection, lateral movement, and privilege escalation; mapped TTPs to MITRE ATT&CK (TTP mapping) and wrote PICERL incident report.
- Built automated detection pipeline using Python script that ingests Splunk alerts, runs IOC enrichment (threat intelligence) via VirusTotal API, and dispatches Telegram notifications with severity classification based on CVSS severity (vulnerability prioritisation) classification.
- Converted detection logic to Sigma rules (detection-as-code) (vendor-neutral format used by enterprise SOCs); performed TCP/IP analysis in Wireshark to detect SYN scans, DNS tunnelling, and plaintext credential exposure on unencrypted sessions.

Cyber Security Internship in Koothattukulam: Find 40 Best Cyber Security Intern Jobs in

Koothattukulam - Internshala |

Python, Bash, Nessus, OpenVAS, NVD API

- Built automated vulnerability assessment pipeline integrating Nessus and OpenVAS REST APIs in Python; generated CVE reports classified by CVSS severity (vulnerability prioritisation) and EPSS context from the FIRST.org API.
- Developed OWASP Top 10 (web application security) automated web checker that sends crafted HTTP requests to detect injection, broken auth, and SSRF vulnerabilities; documented SQL injection exploit and parameterised query remediation.
- Automated scan scheduling via Bash and cron; built delta-scan logic to flag newly discovered CVEs and organize patch compliance (remediation tracking) tracking evidence.

Technical Skills

SOC Operations: Alert triage, incident investigation, log analysis, threat detection, escalation, false positive analysis

SIEM & Monitoring: Splunk (SPL), Elastic SIEM (basic), Windows Event Logs, Sysmon, Wireshark

Threat Intelligence: MITRE ATT&CK, IOC analysis, VirusTotal, OSINT enrichment, Cyber Kill Chain

Systems & Networking: Windows internals, Linux fundamentals, TCP/IP, DNS, HTTP/S, firewall and IDS/IPS concepts

Automation: Python, Bash (basic), regular expressions, security

Certifications

- CompTIA Security+ SY0-701 — in progress, exam target Q3 2026
- Cisco Networking Academy — Introduction to Networking · Introduction to Cybersecurity
