Education

Presidency College

Master of Computer Applications (MCA) · CGPA 7.29 · Bengaluru, India

2021 – 2023

St. Claret College

Bachelor of Computer Applications (BCA) · CGPA 7.21 · Bengaluru, India

2018 – 2021

St. Claret PU College

Higher Secondary (12th) · Bengaluru, India

2016 – 2018

Work Experience

Support Operations Specialist

Amazon FBA

Jun. 2024 – Jan. 2026

Bengaluru, India

- Triaged 50+ weekly inventory reimbursement cases by severity and policy eligibility, translating high-volume case review into structured investigation, escalation, and evidence documentation.
- Investigated seller claims, identifying policy violations and anomalous patterns, with cybersec-relevant findings
- Maintained audit-ready documentation, recording investigation findings and evidence notes for cybersec review
- Spotted recurring fraud patterns across 200+ weekly cases, reducing repeat-issue investigation time with cybersec-focused escalation

Projects

SOC Automation and Threat Detection Lab |

Python, Splunk, Wireshark, Nmap, MITRE ATT&CK

- Deployed Splunk SIEM for cybersec threat detection, built automated SOAR-style detection pipeline.
- Converted detection logic to Sigma rules for pattern recognition, and performed TCP/IP analysis in Wireshark to detect SYN scans and DNS tunnelling.
- Built automated SOAR-style detection pipeline with Python script ingesting Splunk alerts, running IOC enrichment via VirusTotal API.

Vulnerability Scanner and Patch Prioritization Engine |

Python, Bash, Nessus, OpenVAS, NVD API

- Built automated vulnerability assessment pipeline integrating Nessus and OpenVAS REST APIs in Python.
- Developed OWASP Top 10 automated web checker sending crafted HTTP requests to detect injection, broken auth, and SSRF vulnerabilities.
- Automated scan scheduling via Bash and cron, building delta-scan logic to flag newly discovered CVEs.

Technical Skills

Cybersecurity: Alert triage, incident investigation, log analysis, threat detection, escalation, false positive analysis

Automation: Python, Splunk, SOAR-style detection pipeline

Vulnerability Assessment: Nessus, OpenVAS, CVSS severity

Threat Intelligence: VirusTotal API, AbuseIPDB, WHOIS

Investigation: structured investigation, escalation, evidence documentation, high-volume operations review -> structured investigation, escalation, and evidence documentation

Certifications

- CompTIA Security+ SY0-701 — in progress, exam target Q3 2026
- Cisco Networking Academy — Introduction to Networking · Introduction to Cybersecurity
