Education

Presidency College

2021 – 2023

Master of Computer Applications (MCA) · CGPA 7.29 · Bengaluru, India

St. Claret College

2018 – 2021

Bachelor of Computer Applications (BCA) · CGPA 7.21 · Bengaluru, India

St. Claret PU College

2016 – 2018

Higher Secondary (12th) · Bengaluru, India

Work Experience

Support Operations Specialist

Jun. 2024 – Jan. 2026

Amazon FBA

Bengaluru, India

- Triaged 50+ weekly inventory reimbursement cases by severity and policy eligibility, translating high-volume case review into structured investigation, escalation, and evidence documentation.
- Conducted root cause analysis on seller claims, identifying policy violations and anomalous patterns for pattern review and investigation handoffs.
- Maintained audit-ready case documentation with findings, decisions, evidence notes, and corrective actions aligned to evidence documentation and decision trails.
- Spotted recurring fraud patterns across 200+ weekly cases and flagged repeat issues early, reducing investigation cycles before escalation.

Projects

SOC Automation and Threat Detection Lab |

Python, Splunk, Wireshark, Nmap, MITRE ATT&CK

- Deployed Splunk SIEM with SPL correlation searches to monitor IAM anomalies, including unauthorized privilege escalation and suspicious cross-account access patterns, mapped to MITRE ATT&CK TTPs and wrote PICERL incident report for FIRST.org.
- Built automated cloud security detection pipeline: ingests Splunk alerts, enriches with VirusTotal API, and dispatches Telegram notifications with severity classification.
- Developed Sigma-compatible detection rules for cloud TTPs, including credential abuse and lateral movement, using Wireshark network analysis.

Phishing and OSINT Threat Intelligence Tool |

Python, VirusTotal API, AbuseIPDB, WHOIS, Telegram bot

- Built multi-API cyber threat intelligence pipeline: submits IOCs to VirusTotal, AbuseIPDB, and URLScan.io, cross-referencing WHOIS, DNS, and SSL data for intelligence products.
- Developed typosquatting domain detector generating character-substitution variants of tracked infrastructure and checking live DNS resolution for threat hunting.
- Deployed Telegram bot interface for real-time IOC enrichment, supporting bulk CSV input/output and OSINT enrichment via theHarvester for comprehensive domain attribution.

Technical Skills

SOC Operations: Alert triage, incident investigation, log analysis, threat detection, escalation, false positive analysis

SIEM & Monitoring: Splunk (SPL), Elastic SIEM (basic), Windows Event Logs, Sysmon, Wireshark

Threat Intelligence: MITRE ATT&CK, IOC analysis, VirusTotal, OSINT enrichment, Cyber Kill Chain

Systems & Networking: Windows internals, Linux fundamentals, TCP/IP, DNS, HTTP/S, IDS/IPS, AWS (IAM, CloudTrail, GuardDuty), cloud security posture

Automation: Python, Bash (basic), boto3, regular expressions, management

Certifications

- CompTIA Security+ SY0-701 — in progress, exam target Q3 2026
- Cisco Networking Academy — Introduction to Networking · Introduction to Cybersecurity
