Education

Presidency College

Master of Computer Applications (MCA) · CGPA 7.29 · Bengaluru, India

2021 – 2023

St. Claret College

Bachelor of Computer Applications (BCA) · CGPA 7.21 · Bengaluru, India

2018 – 2021

St. Claret PU College

Higher Secondary (12th) · Bengaluru, India

2016 – 2018

Work Experience

Support Operations Specialist

Amazon FBA

Jun. 2024 – Jan. 2026

Bengaluru, India

- Triaged 50+ weekly inventory reimbursement cases by severity and policy eligibility, following structured case triage and escalation workflows, resulting in timely and accurate case resolution.
- Investigated root cause analysis on seller claims, identifying policy violations and anomalous patterns, and escalated findings to senior reviewers, ensuring compliance and reducing repeat-issue investigation time.
- Maintained audit-ready case documentation with findings, decisions, evidence notes, and corrective actions aligned to evidence documentation and decision trails.
- Documented audit-ready case records, capturing investigation findings, decisions, evidence notes, and corrective actions, ensuring transparency and accountability in case resolution.

Projects

Cyber Security Internships in R: Find 40 Best Cyber Security Intern Jobs in R | R, Splunk, Wireshark, Nmap, MITRE ATT&CK

- Developed structured escalation workflow using R to classify security incidents based on severity and pattern recognition; mapped TTPs to MITRE ATT&CK (TTP mapping) and documented audit evidence in a PICERL incident report.
- Designed automated detection pipeline in R: script ingests Splunk alerts, runs IOC enrichment (threat intelligence) via VirusTotal API, and dispatches Telegram notifications with severity classification based on CVSS severity (vulnerability prioritisation).
- Conducted TCP/IP analysis in Wireshark to detect SYN scans, DNS tunnelling, and plaintext credential exposure on unencrypted sessions; documented findings in a structured audit documentation (audit trail) format.

Cyber Security Internships in R: Find 40 Best Cyber Security Intern Jobs in R | R, Bash, Nessus, OpenVAS, NVD API

- Built automated vulnerability assessment pipeline in R integrating Nessus and OpenVAS REST APIs; generated CVE reports classified by CVSS severity (vulnerability prioritisation) and EPSS context from the FIRST.org API.
- Developed OWASP Top 10 (web application security) automated web checker in R that sends crafted HTTP requests to detect injection, broken auth, and SSRF vulnerabilities; documented SQL injection exploit and parameterised query remediation in audit documentation (audit trail).
- Automated scan scheduling via Bash and cron; built delta-scan logic to flag newly discovered CVEs and organized patch compliance (remediation tracking) tracking evidence in a structured audit trail.

Technical Skills

SOC Operations: Alert triage, incident investigation, log analysis, threat detection, escalation, false positive analysis

SIEM & Monitoring: Splunk (SPL), Elastic SIEM (basic), Windows Event Logs, Sysmon, Wireshark

Threat Intelligence: MITRE ATT&CK, IOC analysis, VirusTotal, OSINT enrichment, Cyber Kill Chain

Systems & Networking: Windows internals, Linux fundamentals, TCP/IP, DNS, HTTP/S, firewall and IDS/IPS concepts

Automation: Python, Bash (basic), regular expressions, security

Certifications

- CompTIA Security+ SY0-701 — in progress, exam target Q3 2026
- Cisco Networking Academy — Introduction to Networking · Introduction to Cybersecurity
