Education

Presidency College <i>Master of Computer Applications (MCA) · CGPA 7.29 · Bengaluru, India</i>	2021 – 2023
St. Claret College <i>Bachelor of Computer Applications (BCA) · CGPA 7.21 · Bengaluru, India</i>	2018 – 2021
St. Claret PU College <i>Higher Secondary (12th) · Bengaluru, India</i>	2016 – 2018

Work Experience

Support Operations Specialist <i>Amazon FBA</i>	Jun. 2024 – Jan. 2026 Bengaluru, India
• Triaged 50+ weekly inventory reimbursement cases by severity and policy eligibility, applying risk management discipline • Investigated seller claims, identified policy violations and anomalous patterns, and escalated findings to senior reviewers for risk management oversight. • Maintained audit-ready case documentation recording investigation findings, decisions, evidence notes, and corrective actions, ensuring control evidence and compliance tracking. • Detected recurring fraud patterns across 200+ weekly cases and flagged them early, reducing repeat-issue investigation time before escalation.	

Projects

Operational Risk & Control Testing, WM Risk Analyst, Wealth Management	<i>Risk management, IT audit, ITGC, GRC, Python, VirusTotal API, AbuseIPDB, WHOIS, Telegram bot</i>
• Developed risk-based control testing framework: identified risk management gaps and control weaknesses through IT audit and risk assessment; documented evidence trails and corrective actions in audit-ready case notes. • Conducted control gap analysis and risk identification: mapped policy-based risk triage and escalation priorities to control evidence and decision trails; documented risk management decisions and remediation tracking. • Analyzed anomaly detection patterns and repeat-issue flagging: recognized risk management trends and early escalation signals through multi-API cross-referencing and WHOIS/DNS/SSL analysis; documented risk prioritization and SLA discipline.	
Operational Risk & Control Testing, WM Risk Analyst, Wealth Management	<i>Risk management, IT audit, ITGC, GRC, Python, Bash, Nessus, OpenVAS, NVD API, FIRST.org API</i>
• Built automated risk assessment pipeline integrating Nessus and OpenVAS REST APIs in Python; generated risk reports classified by CVSS severity and EPSS context from the FIRST.org API. • Developed risk-based vulnerability scanner: sent crafted HTTP requests to detect injection, broken auth, and SSRF vulnerabilities; documented SQL injection exploit and parameterised query remediation. • Automated risk-based scan scheduling via Bash and cron; built delta-scan logic to flag newly discovered risk management gaps and organize patch compliance tracking evidence.	

Technical Skills

GRC & Compliance: NIST CSF, ISO 27001, PCI-DSS, GDPR/PDPB, SOX/ITGC, compliance monitoring
Risk & Audit: Risk assessment, control testing, audit documentation, vendor risk, RCSA basics
Fraud & AML: Transaction monitoring, AML typologies, KYC/CDD, sanctions screening
Systems & Tools: Windows internals, Linux fundamentals, Python, Excel, SQL (basic), TCP/IP basics
Frameworks: MITRE ATT&CK, OWASP Top 10, Incident Response (PICERL), audit trail documentation

Certifications

- CompTIA Security+ SY0-701 — in progress, exam target Q3 2026
- Cisco Networking Academy — Introduction to Networking · Introduction to Cybersecurity
